## ST. CATHARINES PUBLIC LIBRARY 1888 – 2015

### Executive Summary

The St. Catharines Public Library has provided services to the community for 127 years. Its doors served the community for 127 years. Its doors are open to everyone regardless of age, ability, education or economic status. The Library provides access to a world of information, leisure materials and cultural resources.

The Library promotes literacy and life-long learning and partners with individuals and organizations to deliver a variety of programs and services. The Library's collections, programs and services are constantly evolving to meet changing needs. New technologies are used to improve access to collections, to provide electronic and downloadable collections, and to deliver new services. In addition to its resources the Library provides public space where individuals and groups can come to study, to do research and to hold meetings and seminars.

The Library's website provides 24/7 access to the library's collections including 66,686 electronic full-text magazines, newspapers and reference sources as well as downloadable audio books, eBooks, magazines, music, feature films, television series and documentaries. The public can search for materials, place holds, renew items, download resources and print full text articles remotely using a smart phone, notebook or tablet. The Library also provides reference services in-house, via email and a real-time online chat service. Collections and services are promoted through a variety of social media applications including Facebook, Twitter and Pinterest.

Strategic agendas have provided the framework for the development of library services. Key objectives for 2015 are listed below.

- Server upgrade and virtualization project which included:
  - Installation and configuration of Dell VRTX server
  - Migrating existing servers to virtual environment
- Integrated Library System Upgrade which included:
  - Migrated existing ILS data to Virtual machines
  - Upgrading all ILS software applications to cloud based services
- Upgrade of the sound system in the Mills Meeting Room
- Installation of digital signage at the Central Library
- Acquisition of 4 microfilm/fiche scanners for Special Collections
- Furniture and equipment upgrade at the Central Library
- Energy Audit and light fixture exchange at the Central Library

- Organizing the 11th Annual Niagara Reads Program
- Developing the Brock Talks and Great War Centenary Series
- Continuing FADS facility improvements at the Central Library.

The report that follows provides more detail on Library activities in 2015.

## 2015 REVIEW OF ACTIVITIES AND ANNUAL STATISTICS

### TECHNOLOGICAL INFRASTRUCTURE

New technologies continue to improve access to collections, to provide downloadable materials and improve operational efficiency. The Library has an online catalogue, an online ordering system and provides access to electronic full-text periodical and newspaper databases, as well as downloadable digital collections which include books, magazines, movies, TV shows, and documentaries. We offer an online reference service as well as online programs. The Library maintains 150 staff and public access computer workstations across the system. In 2015 the Library upgraded 17 workstations.

#### Fiber -Optic Network Upgrade

The Library has a fiber telecommunications backbone and runs a VoIP telephone system. The fiber-optic service is provided by the Niagara Region Broadband Network (NRBN). Branch-to-branch service is 100 Mbps and the Internet service is 50 Mbps.

#### Server Virtualization Upgrade

In 2015 the Library upgraded 8 servers which had been acquired in 2006 when the Library migrated to a windows based Integrated Library System. The obsolete servers were replaced with a server virtualization solution. Server virtualization is a technology which partitions one physical server into multiple virtual servers. Each of these virtual servers can run their own operating system and applications and perform as if it is an individual server. Virtualization allows the number of servers to be greatly reduced which brings many benefits including: better disaster recovery, better utilization of server memory, more computing power and storage across machines.

#### Integrated Library System Upgrade

In 2015 the Library upgraded its Integrated Library System to cloud based services. The new Enterprise Search Portal software searches all fields by default similar to the way Google works. It also allows patrons to explore collections across multiple targets by applying multiple filters such as subject, author and format, as well as integration with social media sites such as Facebook. The eResource Central software integrates many popular electronic resources into the catalogue providing the patron with a unified search experience without having to log into third party sites such as Overdrive or Hoopla. MobileCirc Software allows staff to circulate items using an iPad, Android tablet or laptop supporting HTML5 with or without a data connection.

#### Virtual Library Branch – 24/7

The Library's website provides 24/7 access to the online catalogue, to full text electronic magazines, newspapers and reference sources, as well as downloadable audio and eBooks, music, magazines, movies, TV shows and eBraille formats. Patrons can search for material, place holds, renew items, download books, and print full-text articles remotely using a smart phone, notebook or tablet.

#### Social Media and Library Outreach

Social media has been used since June 2012 to keep patrons informed on new programs, services, and collections. On December 31, 2015, the Library had 2,182 followers on Twitter, 1,219 friends on Facebook, and 70 followers on Pinterest.

## **FACILITIES**

In 2015 facilities projects included the following.

- replacement of old water pipes at the Central Library
- replacement of the Port Dalhousie Branch roof
- completion of an Energy audit at the Central Library and the beginning of the light fixture exchange program
- review of the 2<sup>nd</sup> floor Information Desk

### **Furniture and Equipment Upgrade**

In 2015 the Library received an anonymous donation which allowed for the upgrade of furniture and equipment at the Central Library. The Library acquired the following: 74 study tables of various sizes, 12 flip top meeting room tables, 10 end tables, 34 club chairs, 4 microfilm/fiche scanners, 3 modular children's seating pods, 24 book display units, a new server, a 3D printer, 3 video game controllers and 3 consoles, 2 blue tooth scanners, 1 iPad, and 1 Android tablet. In addition, the Library acquired 2 wall mounted LCD TVs and 2 laptops for the Dr. Huq and Merritt Branches

### **Facilities and Accessibility**

In 2015 an accessibility assessment of the 2<sup>nd</sup> floor Information Desk was completed. The desk will be modified in 2016.

## **ACCESSIBLE SERVICES – COLLECTIONS, EQUIPMENT AND SERVICES**

The Library provides a variety of formats to meet the needs of different user groups. Accessible collections include large print books, audio books, eBooks, eMusic as well as eMagazines.

The majority of DVDs in the collection include descriptive videos and closed caption videos. All locations provide adjustable computer stations, adjustable chairs, large screen monitors, large print keyboards, trackballs and dome magnifiers.

In 2013 the Library installed ZoomText software on selected workstations at all locations. This software magnifies the computer screen and has the ability to speak to the user as they work. The Library also installed BrowseAloud software which will read the text on the screen.

The Library's website was upgraded in 2013 to comply with Web Content Accessibility Guidelines (WCAG) 2.0 standard. The website includes links to Browser Accessibility Guides for Internet Explorer, Mozilla Firefox, and Google Chrome.

### **Center for Equitable Library Access (CELA)**

In 2014 a number of large urban libraries including the St. Catharines Public Library partnered with CNIB to create the Center for Equitable Library Access (CELA). As a member of CELA our library patrons can access the CELA collection which includes over 85,000 audio books, magazines, as well described videos. Formats include: digital narrated audio, text-to-speech, eBraille, printed Braille including embossed Braille picture books and tactile books for early Braille literacy intervention. CELA also provides the patron with a myriad of delivery options.

By year end 20 patrons had registered for the service and acquired 183 items.

## COLLECTIONS

The Library's collections include a variety of formats – print, DVDs, CDs, microfilm, microfiche and digital media. In 2015, the Library added 36,553 titles to the collection (print, AV, CDs and digital) and 41,149 copies of which 1,583 were digital.

The Library's collection at the end of December including all formats consisted of 277,859 titles and 353,053 copies of which 7,295 were digital.

### Full Text Magazines, Newspapers and Reference Materials

The Library subscribes to a number of electronic databases that provide access to full-text articles in over 60,000 magazines, newspapers, and reference sources. Electronic magazine/newspaper databases can be searched simultaneously by many users and accessed remotely 24/7.

In 2015, databases were searched 139,715 times.

### Downloadable Magazine Collection – Zinio

In July 2013 the Library acquired "Zinio" a downloadable magazine subscription service. Zinio provides access to 130 of Canada's most popular magazines. Library card holders can download articles and whole issues. Unlike downloadable books there is no loan period limit and the service offers simultaneous access.

In 2015 this service was used by 1200 patrons who downloaded 15,372 magazines.

### Downloadable Audio and e-Book Collection – Overdrive

In June 2010 the Library acquired "Overdrive" a downloadable audio and e-book subscription service which includes fiction and non-fiction titles for all age groups.

In 2015, there were 7,138 titles in the collection which had circulated 53,710 times.

### Downloadable Music Collection – Freegal

In 2012 the Library acquired a downloadable music subscription service which provides access to the music of tens of thousands of artists, hundreds of music labels and over 160 musical genres. Library card holders can download or stream the exact piece of music they wish to hear. To ensure equity of access, downloads per patron, per week are pre-set by the Library.

In 2015 patrons downloaded 20,223 tracks an average of 60.55 per day and streamed 29,985 songs.

### Downloadable Book, Movie, TV Show Collection – Hoopla

In 2015 the Library acquired the subscription service Hoopla that provides access to over 9,000 audio books, 200,000+ music albums, 2,500+ movies, TV shows and documentaries.

In 2015 a total of 1,177 patrons were registered for the service and 8,392 items had been downloaded.

### Special Collections – Local History – Ancestry Database

This collection consists of local history and genealogical materials in a wide variety of formats. The Library also subscribes to Ancestry an online genealogical resource which contains Census Records, Wills, Passenger Lists, Birth/Death/Marriage records and other primary sources. Staff offer courses in the Computer Lab on general genealogical research and on how to search the Ancestry database.

### REFERENCE AND INFORMATION SERVICES

The Library provides reference and information service in-person, by telephone, by email or through an online chat reference service. In 2015 staff answered: 202,281 reference/information requests; 33,730 referral/directional requests; 36,505 equipment and software application assistance requests; and 141 Info Chat requests. A total of 272,657 requests were answered.

### CIRCULATION SERVICES AND MATERIAL USE IN-HOUSE

In 2015 the Library circulated 928,708 print, A/V and CD items. In addition 127,708 items were downloaded. Digital item usage accounts for 6.7% of circulation. In 2015 patrons checked out and/or downloaded a total of 1,055,744 items.

### In-house Material Use

The Library also tracks material that is not checked out but used in-house. This includes both materials that can be checked out as well as materials such as reference books and Special Collections materials that cannot be removed from the Library. In 2015 a total of 116,239 items were used in-house across the system.
